Message from the Chairperson

Today's women are playing several roles of being a professional, a housewife, a mother, a sister and of course a true friend. Our whole community has faced tremendous challenges ever since Pandemic has started. It is the potential for goodness and proving that it is not our success that defines or empower us, but it is the potential for goodness and self-less that exists in every human heart, helping and supporting others in this time of need. If we have a heart and mind centered on love and respect, we are empowered to make a difference in the lives of others. Today's women continue to hold highest position in all aspects of Business Environment that includes Healthcare, Media, and Politics, corporate and Finance. In modern India and America, women have adorned high offices including that of President, Vice President, Prime Minister, and Speaker of Lok Sabha, Defense Minister, going up in the space, flights operated by women, and so on.

March is women's History month, On Behalf of the board of Trustees and Members of Indian American Forum; I would like to welcome you to our Eleventh Outstanding Womens Achievements Gala as part of Womens History Month celebration. This year program is back to normal in person after the Pandemic years. We recognize the contributions made by distinguished members of the Indian American Community in the Tri state area. The dedication, fortitude, and compassion of our distinguished Honorees and guests have been an inspiration to our community. We are also presenting special recognition to our young achievers and leaders.

Congratulations to all our Honorees and Guests of Honor. My sincere thanks and appreciation for all the hard work, dedication and commitments of the coordinators of Indian American forum and Board members, supporters and sponsors, not only for this event but also for all the hard work throughout the year. We are deeply honored that you have chosen IAF as an organization worthy of your support. Without you we could not continue to offer these vital services for our seniors and other programs. I also want to thank my husband Sudhir and my whole family for their continued support.

TOWN CLERK
RAGINI SRIVASTAVA

Born in India, Ragini Srivastava came to the United States at the start of the new millennium in search of a better life. As a new American, she was empowered by an innate sense of justice, her focused business acumen, and a desire to succeed.

Town Clerk Srivastava's commitment and volunteerism have long helped lift-up those around her. Over the years, she has worked on behalf of domestic abuse survivors and has planned and participated in women's advocacy groups and community events like Yoga and Mindfulness sessions. Town Clerk Srivastava's strong work ethic, early training in accounting and her interest and understanding of standard business practices, resulted in her rapid rise and established her as a successful entrepreneur after opening multiple frozen yogurt cafes throughout Nassau County.

For many years, Town Clerk Srivastava has continued to champion programs within the community and support initiatives to help open small businesses. Well-respected as a leader in the South Asian community of the Town of North Hempstead, Town Clerk Srivastava was appointed to the Nassau County Comptroller's Minority and Women-Owned Business Enterprise Council, where she helped to ensure more equitable opportunities for that sector. In the wake of unprecedented instability and workforce shortages in the business community resulting from the global pandemic, Town Clerk Srivastava continues to support initiatives that assist in the economic recovery regionally.

Ragini Srivastava is serving her first term as Town Clerk of North Hempstead, a time honored and historic function for the township since its founding in 1784. She leads an office that has significant impact on our residents with the issuance of permits that affect their business, social, family, and their overall quality of life. After nearly two years of closures and limited access to the Clerk's Office, Town Clerk Srivastava will begin her tenure with an effort to normalize the functions of her Office

Committed to a responsive and technologically available office, Town Clerk Srivastava will strive to increase in-person contact with the public. She serves as the Registrar of Vital Records. Whether in celebrations of life or in supporting families who have lost loved ones, Town Clerk Srivastava understands the importance and timeliness of maintaining and issuing certifications.

Town Clerk Srivastava is proud of the Town of North Hempstead and the unique characteristics of our villages, parks, beaches and downtowns and she will work with the office of tourism to assist the film industry in their access to government services.

Town Clerk Ragini Srivastava welcomes the challenges of this new day and is grateful for the privilege to work on behalf of the residents of the Town of North Hempstead. Town Clerk Srivastava lives in Manhasset Hills with her husband Ashish and son Shaorya and is focused on continuing her mission to maintain a strong, professional, service-oriented, and accessible department.

Lata Mangeshkar - the name in itself is music. The heartbeat of billions of people across the globe. The one name that evokes countless emotions. What can I say about someone who I have worshipped from childhood....her voice is etched in every atom of my body and it is what I have heard at every waking breath my Jeevan Adhaar That is what Didi is for me & much more.

Putting aside her voice and singing because I am too small to comment on it and there is no one in this world that can be compared to her. The way I chose to remember her is through her childlike smile & innocence, her witty sense of humor, her constant love, kindness & generosity. No doubt I am very upset because I won't be able to see her or speak to her again in physical form. Big part of me thinks India is orphaned now but she will continue to be the Goddess the whole nation looked up to & worshipped.

Didi was far beyond the awards and accolades that she received. I feel it was the honor of the award that was bestowed upon her and not the other way around. Being a pioneer in a male dominated field from such a young age and fighting for the rights of singers, she set a great example for the upcoming female singers in the Bollywood industry.

Some of the things I learned from following her career and her persona for so many years were, her utmost humility, her undying love for her country and her lifelong persistence in achieving excellence in everything she did - be it music, photography, cricket or cooking. Didi was the epitome of excellence and retained it for nine decades and more - an achievement that may be hard to duplicate. She was a perfectionist in a true sense. I consider myself to be extremely fortunate that I got to personally experience her humility and sheer kindness on many occasions. I will truly cherish the love and blessings I received from her along with all the times I was able to spend in her divine presence. I will miss our phone calls & text messages but I know that she is always with me.

For International Women's History Month, I salute her for being one of the most empowered Woman India ever saw. Thank you for paving the way for generations of singers and musicians to come. You truly are an institution and we all will keep learning from your life and your legacy. I find solace in knowing that she is with her Baba & her Mai. I consider her to be a gift and a blessing from the Universe that will keep on giving for generations to come. I pray she will continue to bless me & people all over the world. My heart is with the Mangeshkar family & millions of her fans across the globe.
