Today's women are playing several roles of being a professional, a housewife, a mother, a sister and of course a true friend. It is the potential for goodness and proving that it is not our success that defines or empower us, but it is the potential for goodness and self-less that exists in every human heart, helping and supporting others in this time of need. If we have a heart and mind centered on love and respect, we are empowered to make a difference in the lives of others.

The success of every woman should be the inspiration to another. We should raise each other up.

Today's women continue to hold highest position in all aspects of Business Environment that includes Healthcare, Media, and Politics, corporate, Cinema and Finance. In today's world, women have adorned high offices including that of President, Vice President, Prime Minister, and Speaker of Lok Sabha, Defense Minister, going up in the space, Pilots, sports and so on. It is important to take the time to learn about Women Leaders, but it is also important to acknowledge the women in our own lives who have helped support, empower and encourage us along the way.

March is women's History month, On Behalf of the board of Trustees and Members of Indian American Forum; I would like to welcome you to our Fourteenth Outstanding Women's Achievements Gala as part of Womens History Month celebration. . We recognize the contributions made by distinguished members of the Indian American Community in the Tri state area. The dedication, fortitude, and compassion of our distinguished Honorees and guests have been an inspiration to our community. We are also presenting special recognition to our young achievers and leaders and the Lifetime Achievement Award to our Seniors.

Congratulations to all our Honorees and Guests of Honor. My sincere thanks and appreciation for all the hard work, dedication and commitments of the coordinators of Indian American forum and Board members, supporters and sponsors, not only for this event but also for all the hard work throughout the year. We are deeply honored that you have chosen IAF as an organization worthy of your support. Without you we could not continue to offer these vital services for our seniors and other programs. I also want to thank my husband Sudhir and my whole family for their continued support.

# New York State Assemblywoman Jenifer Rajkumar

Dear IAF Friends,

In 2020, I made history as the first Indian-American woman ever elected to a New York State office.

I then made history once again by establishing Diwali as a School Holiday in New York City. From now on and forever, Diwali is finally enshrined in law as a school holiday in our nation's largest school jurisdiction.

It is my esteemed pleasure to join you today for the 14th Annual Women's Achievement Awards Gala. The Indian American Forum is one of the foremost organizations promoting Indian-American women.

The award I received at this very gala from IAF is an honor I hold dear. This year, IAF has once again organized a fabulous event. You have brought together some of the most inspiring women leaders of our community to recognize their outstanding achievements.

Women's History Month is a time for us to celebrate the innumerable contributions of women throughout history. Tonight, I am proud to celebrate the diverse contributions of Dr. Jagmohan Kalra, Dr. Leena N. Doshi, Dr. Nita Mehta, Sarina Jain, and Falguni Shah. As someone from a family of doctors, I am proud to see so many South Asian women making their mark in the medical field, and I greatly appreciate our contributions to the arts.

One of the great women leaders in history, Shirley Chisolm, famously said, "If they don't give you a seat at the table, bring a folding chair." Each and every honoree tonight has worked hard to earn her seat at the table, and we will continue to make history and shape our nation and world.

I am wishing you a wonderful gala tonight celebrating the achievements and limitless potential of Indian-American women.

Very Truly Yours,

### **Dr. LEENA DOSHI**

Leena Doshi was born in Bombay, India. After receiving her medical degree from the Bombay University, she came to the US in 1973. In 1985 she worked at the Flushing Hospital as a radiologist. A life changing moment happened in 1985 when her radiology director retired and the new director fired all the staff radiologists without much notice.

Most of the radiologists either retired or found another job, but Dr. Doshi was struck by one thought she felt all the years of education and hard work should not put her in a situation where someone else decided whether she works or not. This gave birth to Doshi Diagnostic Imaging centers which ultimately became one of the most successful privately owned radiology practices in the US at that time.

Dr. Leena Doshi has many interests and has the drive and strength to try out all her impulses!

15 days after giving birth to her first child, she went skiing for the first time so that she could teach her children how to ski.

She was also fascinated with the New York City Marathon, and for years went to see the runners at the finish line at Central Park. Then one day she decided to run the Marathon, and soon enough achieved that goal, not once, but twice!

She heard that a friend's son had climbed Kilimanjaro Mountain in Africa, with a peak of 18,600 feet, so at the age of 67 she climbed Kilimanjaro with a team of sherpas! By this time her husband of 50 years had learned not to get talked into her wild adventures so she went solo! At the age of 75 she still plays tennis three days a week and is also a golf addict.

In spite of her busy life, she still finds free time to paint and create beautiful sculptures. Both Drs. Leena & Nitin Doshi and their children, Neely & Nishat, believe in a concentric circle of giving, starting from family to employees, to communities, and believe strongly that each one of us has the ability to make a difference if we only have the desire to do so. Over a period of many years they have supported an array of causes, mostly supporting educational opportunities for young people through charities like Pratham, Share & Care, Veerayatan, India House etc

Most recently the Doshi family started Doshi Smiles, a non-profit, which provides much needed surgeries for children born with congenital craniofacial deformities which include cleft lip and palate. In their first year they plan to perform 1400 surgeries bringing smiles to the faces of the children and a sense of relief to the parents who were helplessly watching their often ostracized children with absolutely no resources available

It is my great honor today to present Dr. Leena Doshi with our Outstanding Women's Achievement Award.

## SARINA JAIN

### Revolutionizing Fitness Through Culture and Movement

Sarina Jain, a trailblazer in fitness and a dynamic cultural ambassador, has captivated audiences worldwide with her groundbreaking fusion of Indian dance and exercise. Her journey—born from personal tragedy and fueled by an unwavering passion for health and heritage—has led to the global phenomenon known as Masala Bhangra.

Raised in Southern California amidst her family's rich Indian traditions, Jain was deeply impacted by the sudden loss of her father to a heart attack at just 47 years old. Determined to honor his memory and inspire others to lead healthier lives, she embarked on a mission to merge the vibrancy of Indian dance with the discipline of fitness.

As the first to introduce Indian dance to the U.S. fitness industry on a global scale, Jain redefined the landscape of group exercise. Masala Bhangra—an electrifying blend of Bhangra and Bollywood-inspired fitness—has defied fleeting trends, standing the test of time for over 25 years. What began with workout videos and in-person classes has evolved into a worldwide movement, transcending cultures and generations.

For more than two decades, Jain has tirelessly championed Masala Bhangra, earning widespread recognition and accolades. Named one of the Top 5 Workouts in the United States, her program has empowered thousands to embrace movement, culture, and community. Her influence spans major media platforms, including The New York Times, Oprah.com, and The Today Show, with live appearances on Live with Kelly and Mark, Dr. Oz, Apple TV+'s Dear Jane Fonda, and more.

A true pioneer, Jain has produced 15 fitness DVDs, launched an ON-DEMAND Gym, and continued to expand her reach through online classes and live workshops. Her impact extends far beyond fitness—she has been honored as one of Shape Up America's Top 10 Fitness Instructors, led NYC's Dance Parade as Grand Marshal, graced 2.6 million Nestlé Fitness cereal boxes, hosted Discovery's Fit TV for five seasons, and delivered an inspiring TEDx Talk.

Now, Jain is expanding her mission to the next generation by bringing cultural dance education to public schools. Through this initiative, she aims to foster cross-cultural understanding, inclusivity, and a deeper appreciation of global traditions.

"As a passionate advocate for fitness and culture, I am thrilled to embark on this new chapter," says Jain. "By integrating dance into education, we have the power to inspire the next generation while promoting health, happiness, and cultural pride."

Sarina Jain's extraordinary journey is a testament to the power of passion, perseverance, and purpose. She has shattered barriers, bringing the joy of Indian dance to audiences around the world and uniting people through movement. As she continues to innovate and inspire, her legacy promises to shape the future of fitness, culture, and education for years to come.

*IAF Divine Meditation: A Journey of Spiritual Harmony*

Since April 2023, the IAF Divine Meditation has been bringing together a community of seekers, creating a sacred space for peace, devotion, and self-discovery. What began at the Hicksville Community Center has now found a home at Levittown Hall, where it takes place once a month, offering participants a chance to reconnect with their spiritual roots through the power of meditation, music, and collective devotion.

This initiative thrives due to the dedication of Jyoti Gupta, Beena Kothari, and Dr. Bhavani Srinivasan, who have been instrumental in organizing and hosting these gatherings. A special acknowledgment goes to Indu Jaiswal Ji for providing the space that allows this event to flourish. Each session is graced by the spiritual guidance of Narinder Kapoor, who conducts mantra meditation, and Vandana Kumar, who leads the community in yoga, ensuring a holistic experience for the mind, body, and soul.

The event begins with the recitation of the Hanuman Chalisa, filling the hall with divine vibrations, followed by soulful bhajans that uplift the spirit and strengthen the sense of devotion. Beyond its spiritual essence, IAF Divine Meditation is also a celebration of togetherness. Every month, any festival that falls within that time is joyously observed, making this gathering not just a meditation session but a cultural and spiritual festivity that embraces all.

What makes this initiative even more special is its self-sufficient nature. Generous food sponsors ensure that every attendee is nourished, both spiritually and physically. The atmosphere is one of unity, where people from all walks of life come together, leaving behind the worries of the world and immersing themselves in the serenity of divine chants and meditation.

In a world that often moves too fast, IAF Divine Meditation offers a sanctuary—a place to pause, reflect, and recharge. With unwavering devotion and the support of the community, this event continues to inspire and uplift, month after month, creating ripples of peace and positivity that extend far beyond its gathering halls.

### Importance of **Dharmansh** in Hindu Dharma

DAAN (GIVING) IS THE FORGOTTEN POT OF GOLD IN KALIYUGA

During Satya Yuga, Dharma is held up by four pillars:

- ▶ Truth (Satya)
- ▶ Kindness (Daya)
- ▶ Austerity (Tapa)
- ▶ Daan (Charity)

One of these pillars is lost during each succeeding Yuga. During the age of Kali (The Kali Yuga), only Daan remains as the sole pillar upholding Dharma.

Therefore, Daan is of the utmost importance in Kali Yuga.

Usha & I take this opportunity to congratulate all the honorees. Two of them have been our dear friends and family. Both Jagmohan and Leena have reached the pinnacle in their respective fields. Both have exemplified the strength and resiliency in achieving their goals and beyond. History has shown us the power, strength and clear thinking of women vs men, as their ego has not played a role!

Usha & Shashi Patel

A quote from Gandhiji sums up the strength of women!!!

“To call woman the weaker sex is a libel; it is man's injustice to woman. If by strength is meant brute strength, then, indeed, is woman less brute than man. If by strength is meant moral power, then woman is immeasurably man's superior. Has she not greater intuition, is she not more self-sacrificing, has she not greater powers of endurance, has she not greater courage? Without her, man could not be. If nonviolence is the law of our being, the future is with woman. Who can make a more effective appeal to the heart than woman?”

– Mahatma Gandhi

Darshan S, thank you SO much for your unwavering support. YOU are the reason that Republicans got Landslide Victory on Nov 05,2024 .

*To achieve above,with the help of Local GOP officials i want to bring the legacy of Long Island GOP to White House. I conviced them that we should take this legacy from Trump being sent to jail by the President Biden,we will take President Trump to White House.*

*Two Years back,we made a victory team of President Trump, Speaker Mike Jhonson and later on Elon musk also joint in this team.*

*During these two years, President Trump honored me with many awards such as Life Time Achievement Award, Presidential Medal of Freedom Award, Trump Golden Eagle Award, Patriot of the Year Award and other awards.*
